PROFESSIONAL SUMMARY

Undergraduate Computer Science student at the Informatics Institute of Technology (affiliated with the University of Westminster, UK) with a solid foundation in AI, machine learning, and software development. Dedicated to exploring intelligent systems and data-driven innovation. Demonstrating strong leadership, discipline, and collaboration through academic and extracurricular achievements, including serving as Senior Prefect and Captain of the Royal College Rifle Shooting Team.

EDUCATION

BSc (Hons) Computer Science | Informatics Institute of Technology (IIT) | 2024 - Present

- Affiliated with the University of Westminster (UK)

Software Development I (Marks - 98)	Mathematics for Computing (Marks - 98)
Trends in Computer Science (Marks - 78)	Computer Systems Fundamentals (Marks - 94)
Software Development II (Marks - 89)	Web Design and Development (Marks - 69)
Object Oriented Programming (TBC)	Database Systems (TBC)
Software Development Group Project (TBC)	Client-Server Architectures (TBC)
Advanced Client-Side Development (TBC)	Machine Learning and Data Mining (TBC)

Professional Certificate in Cyber Security | 2025

- Distinction | PDU Informatics Institute of Technology (IIT)

GCE Advanced Level (A/L) – Physical Science Stream | 2023/24

- Mathematics – C | Physics – B | Chemistry – C

Diploma in Information Technology (DiTEC)

- Esoft Metro Campus | Awarded by Pearson (UK)

GCE Ordinary Level (O/L)

- Achieved 9As in the GCE Ordinary Level examination

PROJECTS

Rice-Vision |2026 | FastAPI | React | Supabase | JS | PostgreSQL | GEE | LSTM | AWS | S3 | EC2 Github Link

Satellite-Driven Rice Monitoring Web Platform built using Google Earth Engine and Python, leveraging Sentinel-1 & Sentinel-2 data and NDVI analytics, with LSTM-based prediction for crop health, growth stage, and outbreak detection, and Linear Regression–based yield forecasting.

University Enrollment Manager |2026 | Spring Boot | React | JS | Neon| Docker Github Link

Web-based University Enrollment Manager built with Spring Boot backend and React frontend, integrated with Neon database and containerized using Docker for scalable deployment.

NLP Powered To-Do List Web App with Weather Info Integrated|2025 | React | MUI | JS | API Github Link

To-Do List Web Application using React and JavaScript, featuring natural language date parsing with Chrono.js, integrated weather forecasts via OpenWeatherMap API, and a responsive, modern interface built with Material UI custom CSS.

Climate Action Web Platform 2025 | HTML | CSS | JS| Github Link

Dynamic Web Platform for Climate Action using HTML, CSS, and JavaScript, featuring interactive data visualisations, engaging UI components, and responsive design for cross-device accessibility.

Traffic Data Simulator 2024 | Python | Tkinter Github Link

Python-based Traffic Simulation System using Tkinter to model traffic flow, congestion, and signal timings, featuring optimised algorithms for accurate and scalable traffic analysis.

Student Enrollment System 2021 | C# | SQL Github Link

Windows-based Student Enrollment System using C# and SQL to streamline student data management, featuring a user-friendly interface and secure database integration.

CERTIFICATES

Supervised Machine Learning: Regression and Classification (Coursera) Stanford University
An in-depth course covering supervised and unsupervised learning, model training, evaluation, and real-world AI applications.

Building with Llama 4 (Coursera) DeepLearning.AI
Completed a course on building with Meta's Llama 4, learning to create multimodal AI apps and fine-tune models using advanced Llama tools.

AI For Everyone (Coursera) DeepLearning.AI
Course on AI fundamentals, applications, and ethical considerations for effective organisational use.

Foundations of Cybersecurity by Google (Coursera) Google
A comprehensive course covering security principles, network defence, incident response, and risk management.

Java Essential Training: Syntax and Structure (LinkedIn Learning) Jet Brains
Covers core Java programming concepts, including syntax, data structures, and object-oriented principles.

Learning Python (2020) Linkedin Learning
Introduces Python fundamentals, including syntax, data structures, and basic programming concepts.

COMPETITIONS

Sherlock 3.0 – Winner 2026 | IEEE WIE – IIT
Won the "Sherlock 3.0" hybrid problem-solving competition at IEEE WIE IIT, demonstrating strong analytical thinking, teamwork, and decision-making through technical challenges.

Aftermath: Checkpoint Hunters – Winner 2025 | IEEE Student Branch – IIT
Won the Checkpoint Hunters technical survival challenge at Aftermath, demonstrating strong problem-solving, teamwork, and decision-making in a high-pressure, competition setting.

OctWave 2.0 – AI/ML Initiative (Participant) 2025 | IEEE IAS Student Branch – University of Moratuwa
Participated in OctWave 2.0, an AI/ML-focused program organized by the IEEE IAS Student Branch, gaining exposure to machine learning concepts and collaborative problem-solving.

IEEE Xtreme Programming Competition (Participant) 2025 | IEEE
Participated in the IEEE Xtreme global 24-hour competitive programming challenge, solving algorithmic problems under time pressure and collaborating in a high-intensity coding environment.

CodeRally 6.0 – 24-Hour Hackathon (Intermediate Tier) IEEE Computer Society – IIT
Successfully participated in the 24-hour CodeRally 6.0 hackathon, demonstrating strong perseverance, teamwork, and problem-solving under continuous coding conditions.

EXTRACURRICULAR ACTIVITIES

Sports

National Federation Colours Five-year National Federation Coloursman in Rifle Shooting | 2016,2017,2018,2022,2024
Captain Royal College Rifle Shooting Team | 2021.
College Coloursman Four-year College Coloursman | Rifle Shooting | Royal College | 2019, 2022, 2023,2024
Qualified as a ''Sharpshooter'' 6 times sharpshooter in Air Pistol Shooting under SLSSSA | 2018 -2023

Leadership Positions

Advisory Member Air Rifle Shooting Advisory & Management Committee | Royal College Union | 2025 - Present
Senior Prefect Royal College | 2023/24
Senior Steward Royal College | 2022
Club Chairman Green Circle | Royal College | 2022
Club Secretary Radio Club | Royal College | 2022

SKILLS

- Python
- Java
- Linux
- Spring Boot
- OOP
- Jira
- EC2
- Neon
- Github
- Docker
- JavaScript
- PostgreSQL
- PostGIS
- React
- CI/CD
- Supabase
- NLP
- AWS
